Subject: antibiotics in animal feed
Auto forwarded by a Rule

Dear Commissioner Henney:

I am concerned about the use of medically useful antibiotics in animal feed. I have been reading more and more articles about this subject and it is becoming apparent to me that we are facing a medical crisis that in part at least could be reduced by not using medically useful antibiotics in animal feed.

I urge you to ban the use of these drugs in animal feed.

Sincerely,
Katheryn Swanson
High School Counselor
